"The Innovative Bilingual Education through a combined Thai-UK Standard Curriculum"

## EARLY YEARS FOUNDATION (K.1-K.3)

**IBIP** is the flagship programme of Interkids Bilingual School (IBS) that is exclusively designed with the unique Thai-UK core curriculum, providing an innovative bilingual education. With the well-structured academic coursework, diverse teaching methodologies for English, Chinese and Thai subjects, and a challenging child-centered learning environment, students are raised to become well-rounded and excellent at language, leadership, digital literacy, while possessing good ethical values.

The education for Early Years Foundation stage focuses on the **seven prime areas of learning**: communication & language, physical development, personal, social and emotional development, literacy, mathematics, understanding of the world and expressive arts & design. While developing our learners to excel in academics, our small class size ensures each student receives proper care, professional guidance to discover their hidden talents, and can ultimately fulfill the highest of their potentials.

### Faculty Members of IBIP Programme:
