

IBS-British International Programme

"The Innovative Bilingual Education through a combined Thai-UK Standard Curriculum"

IBS Nursery Plus+ Programme

IBS Nursery Plus+ Programme is a modern early childhood programme specially designed for children ages 1.6-3 years old. The programme structure follows the best practises of the British Early Years Foundation Stage (EYFS) combined with the Early Childhood curriculum B.E. 2560, Ministry of Education Thailand. Aiming to develop the four primary domains -- Physical, Emotional, Social and Cognitive -- children are provided with a happy and holistic age-appropriate learning experience. We believe learning happens by providing various integrated subjects and learning approaches including play based, thematic learning and hands-on activities. These will motivate, enhance and extend our children's development and most of all give them opportunities to engage in self-directed discovery.
