

IBS-British International Programme

"The Innovative Bilingual Education through a combined Thai-UK Standard Curriculum"

PRIMARY LEVEL GRADES 1-6

IBIP is the flagship international programme of Interkids Bilingual School (IBS) that is exclusively designed with a unique programme core providing an innovative bilingual education through a combined Thai-UK Standard Curriculum. With the well-structured academic coursework, diverse teaching methodologies for English, Chinese and Thai subjects, and a challenging learning environment, which is child-centered, students are raised to become well-rounded and excellent at language, leadership, digital literacy, while possessing good ethical values. The programme also prepares students for higher education, as well as various highly recognized international standardized examinations, enabling them to pursue higher education anywhere in the world. While developing our learners to excel in academics, our small class size ensures each student receives proper care, professional guidance to discover their hidden talents, and can ultimately fulfill the highest of their potentials.

Faculty Members of IBIP Programme:

Group1: Qualified Native English Speaking Teachers with bachelor or master's degree / certificate of teaching — are assigned to teach English Literacy, Writing and Spelling, Science, Club and Guidance.
